

WYB

FOREWORD

Workxie is an innovative technology company. We have come to realize in our business venture that it is not about being smart or creating wealth with workxie. Networking with business people, sharing rare value with them, building a connection in an interpersonal level and having the right mindset to succeed, all these changed our lives.

FOCUS

This project is focused on giving opportunities to all WORKXIES go-getters to create a rich strong network and change their lives forever. A little detail sometimes, is all that is needed to make a significant turnaround. As we all had a humble beginning, it is requisite of us to give back to the community and we are exceptionally grateful to do that.

Life Changing Opportunity

We are providing a life changing opportunity to you by:

Giving you a straight-through access to a network of successful people.

Giving you investment opportunities in our BELIEVERS' PROJECT and a chance to be heard.

Giving you the value and experience we learned from past investments and business ventures.

GOALS

With laser-focus, this project is directed towards giving you a unique opportunity and a chance to invest in yourself.

VISION

Our vision is to create a resourceful environment for our community members to be able to make great impact in our society as much as we can and make our voices heard all around the world. We need ambitious and goal-oriented people. We need entrepreneurs with the right mindset towards success.

MISSION

What we truly desire is for our project to be THE BIGGEST NFT PROJECT and we want you to be a part of that.

Every nationality is welcomed as we want to connect with Entrepreneurs of the world.

What We Don't Need

- We don't need Paper-Hands
- We don't need kids
- We don't need flippers

That is why the whitelist selection process would not be automatic. We are selecting every single member discretely. Everyone would be given the opportunity to join but the selected would be the profiles that are active, relevant and shows respect to the project.

Keep in mind: *Your network is your net-worth.*

WE ARE JUST GETTING STARTED!!!

WXB are 10,000 (5,000 male and 5,000) female invisible 3D-generated Workxon investors, existing on the polygon Block Chain. Our project will be a community-driven project of Affiliate Partners (AP) ready to change the narrative and create more millionaires than any NFT project that ever existed.

With WXB array of success as a multi-digital organization, our affiliate partners will launch its own member community and its' NFT as its utility.

Workxie community will be promoted by WXB and its holders will be benefitting passively.

WXB is a utility Non-Fungible-Token in the Workxie ecosystem that gives unrestricted access to earn passive income via free Affiliate Partnership, Staking and other activities that will later on be announced subsequently in our server.

Project White List Benefits

WXB PWL will allow you to earn passively and own the art compared to other projects where you pay for the art without getting any real value in return. Holders will get the chance to be a part of our web3 academy.

Don't get confused, with Workxie, it is one thing to be an affiliate partner and it is another thing to be a Workxie Billionaire.

Workxie (the engine) and WXB (The Project) will support our affiliate partners in each of their team network by giving out airdrops to active community members at random.

We would be providing support by;

- Airdrop giveaway
- Free Affiliate Partnership giveaway that will put profit in your pocket for 200days
- Posting to WXB holders daily, weekly and monthly

HOLDERS BENEFITS
